Casa Della Corte - Fontana Liri Superiore (Via Della Corte) in the heart of the ancient village, a few steps from Piazza Santo Stefano, we offer for sale a historic apartment to renovate with double exposure and cellar.

The property has a double entrance that makes it divisible inside, is composed of a large living room with antique fireplace, kitchen, bathroom and a marble staircase leads to the master bedroom with its own access.

Overall, the house is to be restored but has considerable potential inside. On the floor below there is a large cellar of about 60 square meters which is also very bright and airy, consisting of two large rooms connected to each other.

The first can be used as a large rustic kitchen, while the second, if necessary, can be a comfortable guest room.

The other entrance is even more characteristic, it is located right in front of the entrance to the historic Castello di Fontana Liri Superiore.

The Castle, later called Succorte, dates back to the 12th century and was built on the steep mount of Santa Lucia, around which the houses of the village were built, which in turn was later surrounded by a city wall.

Excellent Investment.
